Hello Everyone here is the info we have at this time for the National/Regional Testing that will take place in Sioux Falls on October 3rd. This is the most up to date information available at this time from Headquarters. Updates and changes will be posted as more information is released. Please feel free to reach out to me with any questions at region114testing@hotmail.com.

- If the testing becomes too large where social distancing will not be possible, we will split the testing into 2 different groups. The 2nd group (higher ranking black belts) would start later in the day. We will not know if this is what needs to be done until approximately 2 weeks prior to testing.
- The testing meeting will take place at 2:30 p.m. at Hoover's ATA Martial Arts. If we split into two groups, we will have two sperate testing meetings.
- We will have a separate entrance for spectators and a separate entrance for those testing.
- Changing room will be available. As these are locker-room style changing rooms, we will only be allowing two (2) people in the changing rooms at a time. We will have someone monitoring the entrances to the changing rooms.
- We will have a limit of two (2) spectators per person testing.
- Everyone entering the Taekwondo center should be made aware they will be subject to temperature/health screenings.
- The disciplines (choices) that will be available to everyone at this testing will be Forms, Distance Sparring, Protech, Board Breaking. You can choose to do any three (3) disciplines as long as one of them is Traditional Songham Form or Protech Form.
- Board breaking: All board holders will be asked to wear a mask & their face shield. With this guideline in place we will have two people holding board per station, and everyone will break the color of board that they are required to. An example would be if you are and adult male (over the age of 16) you will break brown boards.
- As Chief Master Hoover's School is located in a mall, we will be utilizing the hallways as well as center court to spread out while you are waiting to test. We will also have an "on deck" area that will allow only 4 people in at a time. We will be using this area for the four (4) people that will be called out to their numbers in the next group. There will be "runners" to ensure testing runs smoothly and to answer any questions.
